

Domestic Animals @ Rainforest Kidzworld

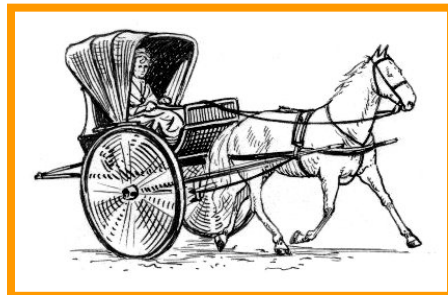

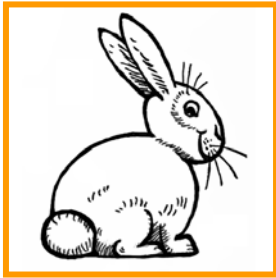

ACTIVITY: Domestic Animals!

At the Rainforest Kidzworld, I saw many domestic animals such as

the _____,

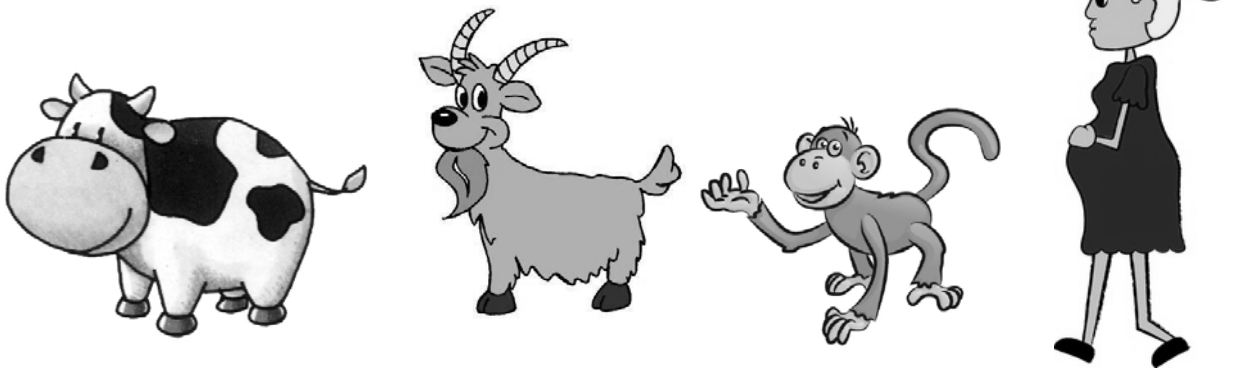

the _____,

and _____

A domestic animal is one that is not wild. It is kept to produce meat, milk, leather and wool or other useful things for us. It can also help carry heavy things from one place to another. Some people also keep animals as pet.

MAMMALS & MILK

These animals are mammals. They produce milk to feed their young.

Most of us take cow milk. But some people cannot digest cow milk properly. They get rashes that itch a lot. Goat milk is less likely to cause such reactions.

Have you drunk goat milk before?
Tick one of the boxes below.

<input type="checkbox"/>	YES
<input type="checkbox"/>	NO

Colour the faces to show how much you like goat's milk.
