

@ ELEPHANTS OF ASIA

ACTIVITY: JUMBO FUN!

The elephant is the **LARGEST** land animal. It spends about 18 hours a day eating. Every day, the elephant eats about 150kg of plant matter. It drinks about 160 litres of water (that is about 160 large-sized bottles of mineral water).

Elephants can weigh up to 7,000kg! I am much lighter than an elephant.  
My weight is \_\_\_\_\_kg.

The elephant's diet consists of lots of plant. Can you name 3 types of plants that it eats?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

My diet is different from the elephant's. I eat vegetables and meat. These are some of my favourite food:

1. \_\_\_\_\_
2. \_\_\_\_\_

From the diet, the elephant is a
