

@ Rainforest Kidzworld

PART A

ACTIVITY: Finding My Way

Keeper Luis just started work at the Singapore Zoo and is new to the Rainforest Kidzworld. He was tasked to clean up the Kampung House. He has a simple map of the Rainforest Kidzworld but he needs your help to complete the map legend below.

MAP OF RAINFOREST KIDZWORLD

LEGEND:

- | | | |
|---------------------------|----------------------|--------------------|
| 1. W _ _ A _ _ C _ _ | 4. D _ _ _ W _ _ | 7. K _ _ _ _ |
| 2. A _ _ _ F _ _ _ Show _ | 5. _ _ _ _ _ | 8. St _ _ _ _ _ |
| 3. R _ _ _ _ C _ _ _ | 6. P _ _ _ _ C _ _ _ | 9. W _ _ _ P _ _ _ |

ACTIVITY : Classification @ Kampung House

Whoa, this is a strange looking house. It says on the sign that people lived in this kind of houses in the 1960s and 1970s, where people lived alongside certain, animals whether they like it or not.

Keeper Luis was told that there 10 animals to be found in the Kampung house. Let's help him find them all.

@ Bedroom:

1. B _____

2. D _____

@ Kitchen

3. S _____

4. ME _____

5. C _____

@ Living Room / Toilet

7. M _____

8. H _____

9. PY _____

10. TO _____ G _____

Classify them into the different groups of animals.

INSECT

REPTILE

ARACHNID*

Arachnids are animals without a backbone and have exoskeleton as body coverings. They also have 8 legs and 2 body parts.
